

Please Pledge Support to Virtual Classrooms project

Sri Ramakrishna Mission, Visakhapatnam is implementing a **Virtual Classrooms** project, which brings high quality education to notoriously under-resourced rural schools. Using high technology tools professionally qualified teachers provide high quality live, interactive classes in English, Math, Science, Sanskrit and Yoga, simulcast from the Visakhapatnam main center to rural, underserved schools. Balavikas of Fairfax is financing this project. With \$48,500 sent so far, three centers are in operation and 7 others are in the process of being established. [Click here](#) to read a more detailed report (Sept. 2020). It is estimated that the Annual Operational costs, for the entire network of 10 centers, will be Rs. 465,000. It is proposed to establish a Trust Fund of Rs. 8,130,000 (\$115,000), the interest from which will yield enough interest to pay annual operational costs thus ensuring long-term sustainability of the project. So far, we received pledges for \$25,500. Please support this worthy project being implemented by one of the most respected and credible institutions – Ramakrishna Mission (see attached photo of inauguration), with **your pledge by completing this [Google form](#)**. We will contact you on how to fulfill the pledge. For questions in this regard, please call Dr. G. V. V. Rao, Balavikas of Fairfax at (703) 853-9266 or drgvvrao@gmail.com . Thank you!
